

Fuentes de información utilizadas para la evaluación inicial de Desafíos de Seguridad Hídrica

Desafíos de seguridad hídrica	Base de datos o indicador usado para la valoración inicial
Inundaciones	Aqueduct Floods (World Resources Institute)
Escasez de agua	Aqueduct Water Risk Atlas - Baseline Water Stress (World Resources Institute)
Sedimentos	Módulo Sediment Delivery Ratio (SDR) del paquete de modelación InVEST (<i>Integrated Valuation of Ecosystem Services and Tradeoffs</i>)
Nutrientes	Módulo Nutrient Delivery Ratio (NDR) del paquete de modelación InVEST

Sources of information used for the initial assessment of Water Security Challenges

Water Security Challenges	Database or indicator used for initial assessment
Floods	Aqueduct Floods (World Resources Institute)
Water scarcity	Aqueduct Water Risk Atlas - Baseline Water Stress (World Resources Institute)
Sediments	Module Sediment Delivery Ratio (SDR) of the InVEST (<i>Integrated Valuation of Ecosystem Services and Tradeoffs</i>) modeling package
Nutrients	Module Nutrient Delivery Ratio (NDR) of the InVEST modeling package

Fontes de informação utilizadas para a avaliação inicial dos Desafios da Segurança Hídrica

Desafios da Segurança Hídrica	Banco de dados ou indicador usado para avaliação inicial
Inundações	Aqueduct Floods (World Resources Institute)
Escassez de água	Aqueduct Water Risk Atlas - Baseline Water Stress (World Resources Institute)
Sedimentos	Módulo Sediment Delivery Ratio (SDR) do pacote de modelagem InVEST (<i>Integrated Valuation of Ecosystem Services and Tradeoffs</i>)
Nutrientes	Módulo Nutrient Delivery Ratio (NDR) do pacote de modelagem InVEST
